The Ultimate Cheatsheet: All Guidelines In One Place

Section 4, Lecture 17

This cheat sheet is intended to serve as a quick reference for you.

It contains all the guidelines I showed you in this course.

It is very important that you have all of the guidelines in mind at the same time when you're making your designs.

Beautiful Typography

1. Use a font-size between 15 and 25 pixels for body text

2. Use (really) big font sizes for headlines

3. Use a line spacing between 120 and 150% of the font size

4. 45 to 90 characters per line

5. Use good fonts

6. Chose a font which reflects the look and feel you want for your website

7. Use only one font

Using Colors Like a Pro

1. Use only one base color

2. Use a tool if you want to use more colors
